3. If you make a mistake, you need to build the pattern from the beginning

4. Get all patterns right and open the magic door!

# Stage 3: Language Production

1 Augmented Reality game

The app shows a picture to the child and asks: '**What's this?**'  
The child replies back and the picture becomes a 3D character!

\*To play the Augmented Reality games, you must have access to the **magic card**. See how to access the card in the next slide.

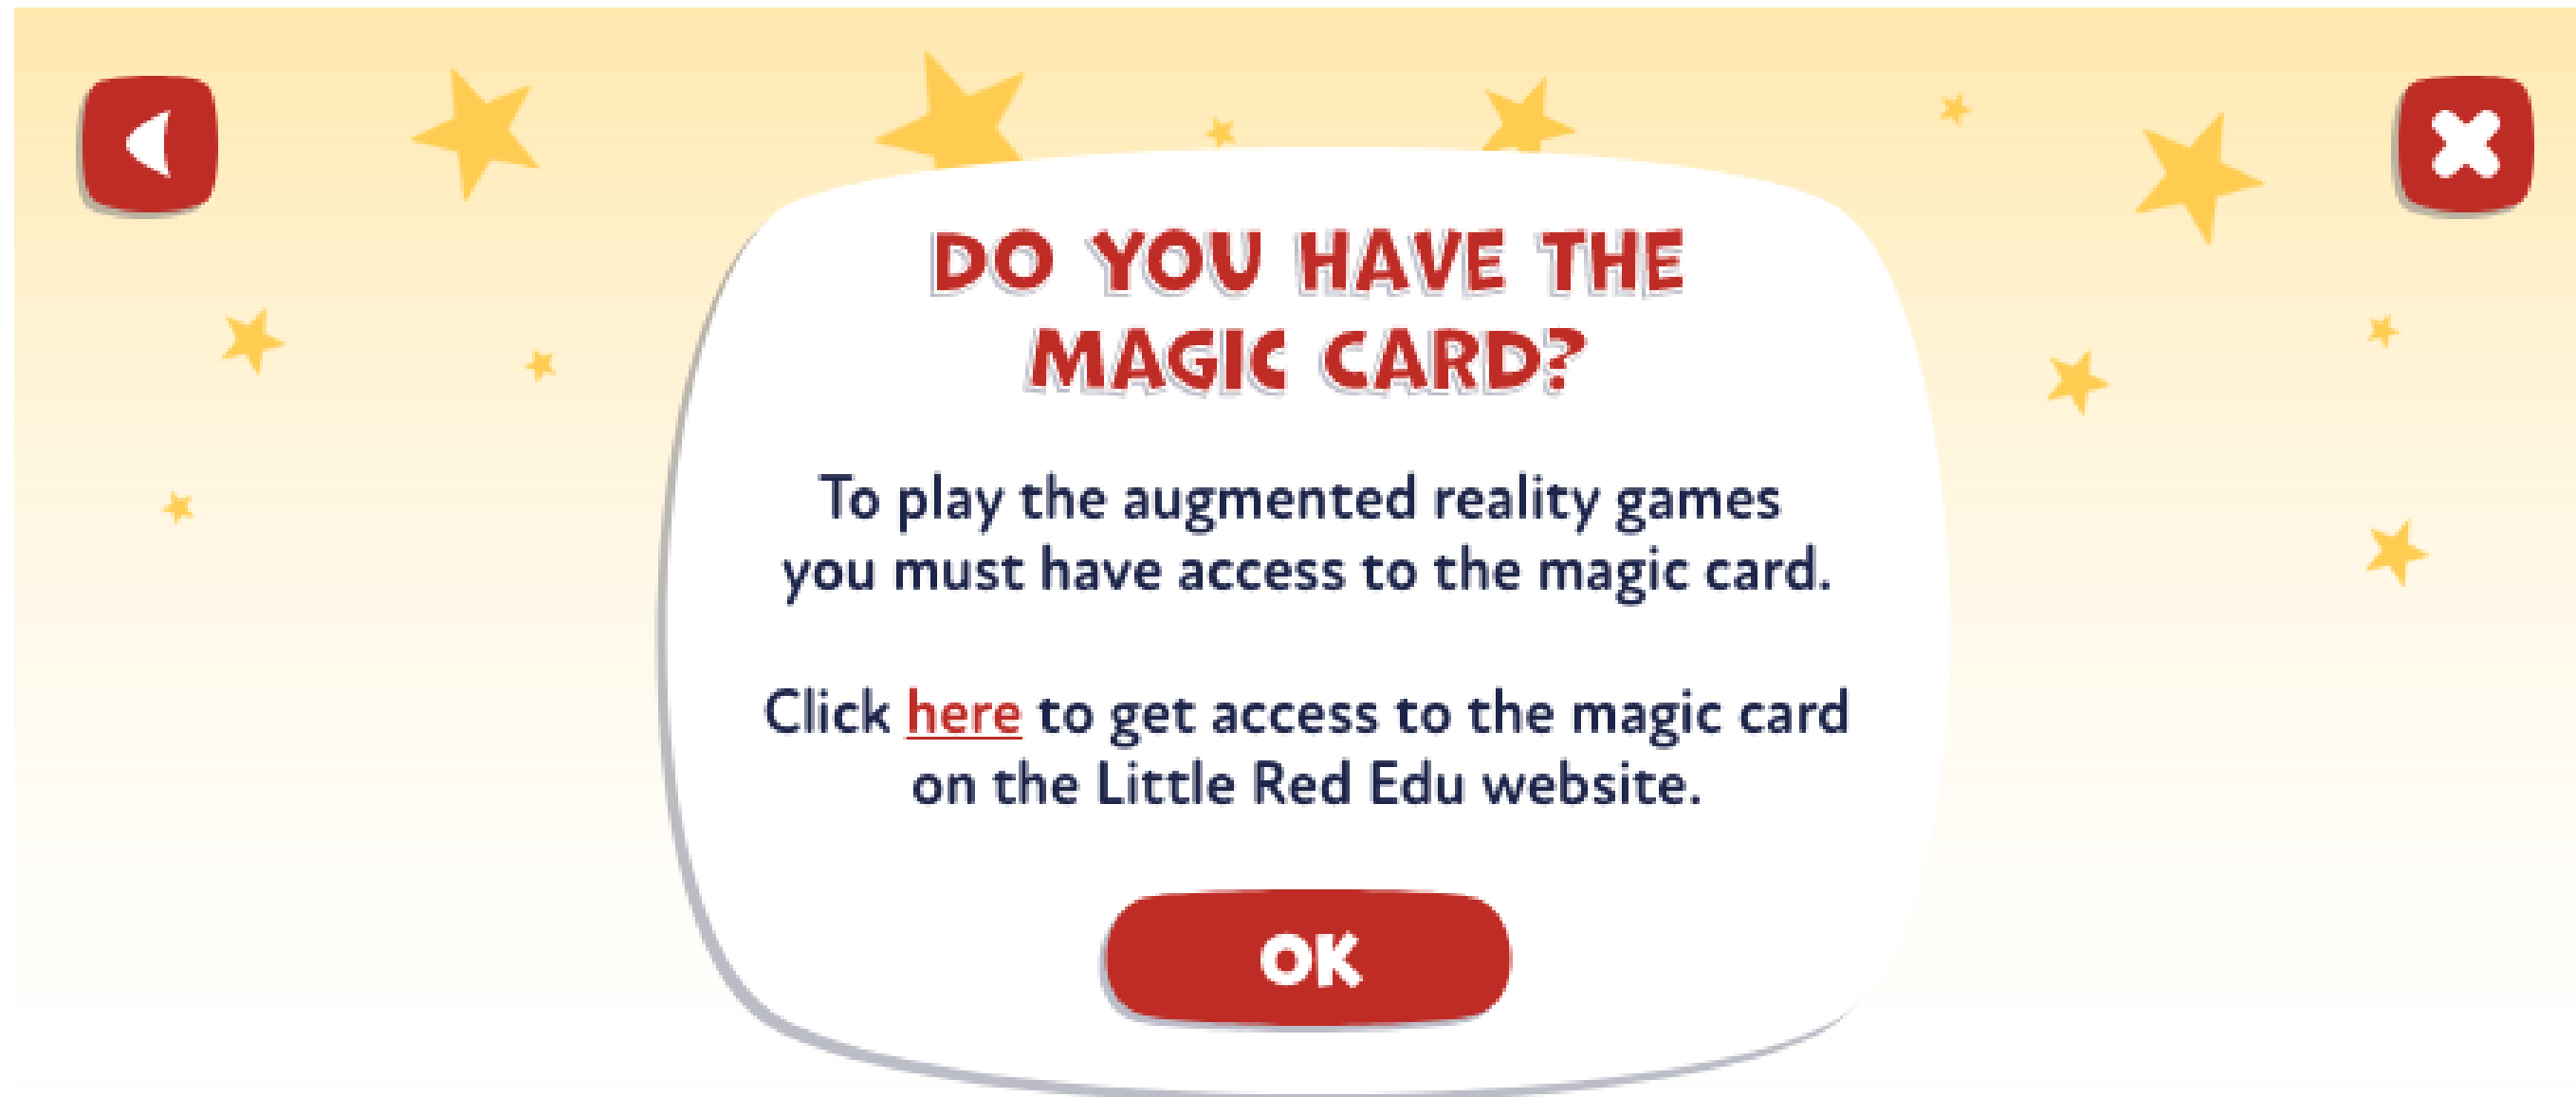

When you open the AR games, you will see this message:

If you have the magic card, ignore this message and click '**Yes**'

If you don't have the magic card, click '**No**'

If you click 'No', you will see this message:

To access the magic card, click the red 'here'.

You will automatically see the card on our website and you can **download** it from there.

1) **Print** it on paper

or

**Keep the card open** on the screen of **another** device (computer/tablet/phone)

2) Now that you have the card, **open** the app again to play the AR games

# AR Games

1. Target your phone at the magic card
2. The app will ask you: '**What's this?**'
3. Say the word when you see the red microphone
4. See the magic!

**End of daily lesson**

# **Guide to a revision lesson (day 5)**
